Instructions: The student should complete the IDP in preparation for a scheduled meeting with their mentor. The IDP is designed to foster communication in a variety of areas to ensure the student is receiving comprehensive feedback about both their progress to date and future expectations. Accomplishments, challenges and goals should be addressed as well as any performance/progress issues so that both the student and the mentor/advisor have a clear understanding of the student's progress toward the degree. [Adapted from UCI Graduate Division IDP form by Prof. J. Prescher and Prof. A. Heyduk]

Research

Briefly summarize your research progress over the past year:

I will make progress on my research agenda through the following (include collaborations, research ideas, and studies/projects that you will pursue):

Annual Goals:

Long Term Plans:

Mentor/Advisor Comments *(all students):*

Thesis Committee Member Signature *(Advanced organic/chem bio students only)* Date

Thesis Committee Member Signature *(Advanced organic/chem bio students only)* Date

Conference/Publications Planning

I plan to attend the following conferences. The professional papers I plan to submit (include publications and submittal deadlines).

Annual Goals:

Long Term Plans:

Mentor/Advisor Comments:

Leadership/Outreach Development Planning

My leadership skills and competencies are being developed through the following (include positions held, activities and projects, civic engagement activities etc.). My professional leadership aspirations include the following activities:

Annual Goals:

Long Term Plans:

Mentor/Advisor Comments:

Career Planning and Professional Development

My long and short-term career goals, along with skills and competencies I hope to develop.

Annual Goals:

Long Term Plans:

My two strongest professional skills are:

Two areas of professional development I need to develop:

Mentor/Advisor Comments:

Health and Wellness Planning

Think about ways to promote health and wellness in your professional life.

Mentor/Advisor Comments:

Dissertation Planning

Write down how you see your project unfolding (i.e., what your thesis chapters will look like), along with your map/timeline for getting there. As a rule of thumb, you can consider each thesis chapter to be a separate publication.

Chapter Plans:

Mentor/Advisor Comments:

Completion of this form certifies that _____ has completed the
Student Name (print)

Annual Chemistry Individual Development Plan and that it has been discussed with

_____ on _____
Faculty Advisor (print) *Date*

Student Signature *Date*

Faculty Advisor Signature *Date*

Please submit this signed IDP signature page, using the [IDP Submission Form](#), by August 31, 2022.
