The Department of Chemistry anticipates openings for all levels of the Project Scientist series. Applications are being sought from Ph.D. graduates with backgrounds in various areas of Chemistry.

Applicants must have a proven track record of research. Positions are dependent on extramural funding and research contracts of individual Principal Investigators. The positions may be full or part-time and may be without salary. Salary is commensurate with experience.

Please apply online using the links above.

Application materials: Please include a brief letter describing your immediate and long-term research goals, a curriculum vitae including publications list, and names of three references (please do not solicit letters).
